3. There shall be no duplication of courses, course content or activities.
4. Teacher initiated professional development activities must occur on non-school time (i.e., after school, weekends).
5. Professional development activities for which teachers are reimbursed by the school district do not qualify for advancement on the salary schedule. However, when the school district requests an individual to develop expertise to meet a building or system need, the individual is eligible for advancement on the salary schedule, whether or not the school district has paid for the necessary training.
6. It is suggested that first-year, inexperienced teachers not take courses during their first semester of teaching and only take courses subject to the approval of their supervisor during the second semester.
7. All requests for approval of professional development activities must be submitted to the Committee on the proper forms. Forms are to be filed in the Office of the Superintendent of Schools.
8. All requests for summer courses must be submitted by May 15 and the committee decisions must be made prior to June 15th.

9. If the Professional Development Committee does not act on the request for approval within forty-five (45) calendar days after the date the form is filed in the Office of the Superintendent of Schools, the activity is automatically approved with the exception that forms filed between June 2 and August 25 must be acted upon by September 15.

APPENDIX F
COST CONTAINMENT

The following utilization review provisions will become part of the group benefit package provided by the Board of Education.

1. PRE-ADMISSION CERTIFICATION/CONTINUED STAY REVIEW:

All hospital inpatient admissions will be subject to certification review. This includes both elective and emergency admissions. Elective admissions must be certified at least 48 hours in advance; emergency admissions must be certified within 48 hours after admission to the hospital.

The length of the admission will be subject to certification. Additional days beyond those certified during the pre-admission process must be approved to be treated as a covered expense.

If a hospital inpatient admission is not certified, there will be a \$200 penalty applied. This penalty may not be submitted as a Major Medical expense.

If an admission extends beyond the number of certified days, such additional days will not be considered a covered expense. Such charges may not be submitted under Major Medical.

2. SECOND OPINION SURGERY:

For all elective surgical procedures, the Second Opinion "service line" must be contacted to determine if a Second Opinion is necessary. If deemed necessary, the Second Opinion will be covered 100%, not subject to deductible. A Third Opinion will also be covered 100%.

If a Second Opinion is deemed not necessary, you may still obtain one. Under these circumstances, the Second Opinion will be treated as any other expense subject to deductible and coinsurance. Third Opinions are also available, but reimbursed as any other expense.

If a Second Opinion is not obtained when required, reimbursement for the surgical procedure will be reduced by ten percent (10%).

3. PRE-ADMISSION TESTING:

The purpose of the Pre-Admission Testing feature is to encourage plan participants to have diagnostic tests done prior to Hospital confinement.

Costs for necessary tests done prior to Admission will be paid at 100% with no deductible, when done on an outpatient basis prior to confinement. This provision applies to all elective, non-emergency admissions.

There is no need to contact the insurance carrier prior to the admission. However, as part of the scheduling process, you should ask your physician to request Pre-Admission Testing for necessary tests.

If pre-admission testing is not done for confinements which are not due to an Emergency Illness or Accident, the normal coinsurance and deductible provisions may apply.

4. GENERIC DRUG ALTERNATIVE:

Many Prescriptions today may be properly filled with a "generic" alternative, rather than a "brand name" drug. The purpose of the Generic Drug alternative is to encourage you to use appropriate but less expensive medication services for necessary treatment. The generic alternative is an option and not mandated under any circumstances.

When Prescriptions are filled with a Generic Drug, the program will pay 100% after the regular calendar year deductible has been met. All other prescription drugs will continue to be paid at 80/20%.

There are no penalties for the use of a "brand name" drug. The level of reimbursement will remain at 80/20%, after deductible, as at present.

5. CASE MANAGEMENT:

Individual Case Management is an organized effort to identify, as early as possible, hospitalized patients who may have high-cost, complicated illnesses. It is specially designed to coordinate their health care benefits as efficiently and cost effectively as possible. It often provides for extended or expanded coverage for benefits normally limited by regular plan provisions.

If the case is determined appropriate for the program, a representative will work with the patient or patient's representative, the patient's physician, hospital and other health care providers to coordinate medical benefit resources. Exceptions and special plan arrangements will be identified and approved in advance of recommended treatment plans.

The program is intended to maximize member and physician choice and to promote the most efficient and appropriate use of available benefits.

The program is voluntary; a participant never has to accept the recommendations or alternative treatments offered by the program coordinator.

6. PSYCHIATRIC AND SUBSTANCE ABUSE MANAGEMENT:

The Psychiatric and Substance Abuse Case Management program assists employees and their dependents suffering from nervous, mental, drug or alcohol-related illnesses requiring hospitalization. It offers treatment alternatives when hospitalization may not be medically necessary.

Psychiatric, drug and alcohol-related admissions are subject to pre-admission review.

If you fail to notify us of the admission within the required time frame, benefits will be reduced.

IN WITNESS WHEREOF, the parties hereunto have caused these presents to be executed by their proper officers, hereunto duly authorized, and their seals affixed hereto as of the date and year first above written.
